Bathroom culture improves life

Our aim has always been to make any trip to the bathroom an enjoyable experience. But what makes for an enjoyable bathroom experience is another matter. Should it create a certain mood, or relax you? Function better to simplify your life? Promote well-being? Or reflect your individual taste? It's an interesting question. So we've presented the world with a range of different answers for the varying needs and desires of every household. The bathroom has never looked so good.

Healthy Harmony

Wellness comes from a balance of mind, body and spirit. Finding that balance can begin in the bathroom.

Soft tones relax you, smooth surfaces soothe you... With VitrA you can create a sanctuary of calm. It's a place to relax, meditate, read and escape from the pressures of your daily existence by stepping outside of the world beyond.

Step into a world of wellness within your home.

VitrA

The Technology Of Bathroom Culture

Technology not only allows us to create more aesthetically pleasing bathrooms, it allows us to create safer, more hygienic spaces as well. Greater cleanliness improves every aspect of our lives. It's also the reason bathrooms were invented in the first place.

Odour - free

VitrA^{oxygen}

People go to great lengths to mask disturbing smells. But why not eliminate them outright? Our unique Odour Absorption System traps unpleasant odours with a fan and filter system in the cistern, which automatically absorbs malodorous molecules. This is also paired with an optical sensor that automatically flushes so that the airborne particles that create unpleasant smells never reach your nostrils. Better yet, your bathroom not only smells better, it is more hygienic.

Stain - free

VitrA^{clean}

Limescale is persistent in most bathrooms. VitrA^{clean} technology is a special double-glazing process that makes washbasins, WC pans, urinals and bidets water repellent. No harsh chemical cleaning agents are needed to keep them beautifully stain-free for years.

Aquaseat

Personal hygiene is thoroughly improved by Aquaseat, the ultimate toilet seat, which improves WC pans with gentle washing and bidet functions. Options include water heating, odour absorption and VitrA^{hygiene} for enhanced anti-bacterial protection. Eco, Basic, Lux and UltraLux models are all available for your home. The removable seat allows for simple cleaning, while its soft-closing hinge mechanism reduces noise and risk of injury from slamming seat lids and covers.

Hands-free

Not only used for public washrooms, optical sensors promote a healthy, hygienic home. Available for a range of different flushers and concealed cisterns, they are also easily paired with VitrA's exclusive Odour-Absorption System.

Bacteria - free

VitrA^{hygiene}

In moist environments, an extra degree of protection is needed to deter bacteria. VitrA^{hygiene} is a unique glazing process available on all ceramic sanitaryware (washbasins, WC pans, bidets and urinals). By adding silver ions to the raw glaze it offers almost 100% protection against the spread of bacteria. Extremely hard-wearing, VitrA^{hygiene} glaze will last the lifetime of any product it's been applied to.

In spirit, bathroom design is no different than any other kind of design. Keeping it fresh means constantly re-thinking ways of approaching the same functions. It's an exciting process, giving life to new ideas as well as surprising new forms. Predicting the next generation of trends and using the latest technology, this is bathroom culture for the evolving lifestyles of tomorrow.

Istanbul Collection

While designing the Istanbul Collection with Vitra, Ross Lovegrove was inspired by the unique diversity in culture and architecture of Istanbul. The result is a completely new bathroom experience.

Istanbul Collection

The organic forms of the washbasins, bathtubs, shower trays and bathroom furniture complete each other, creating the total bathroom.

1
Istanbul washbasin (with integrated pedestal) with
Istanbul built-in basin mixer

2
Istanbul round bathtub with joystick free-standing

Expressive

Piu Due

An exploration of the “plus sign”, the Piu Due collection adds an exciting sense of balance to the bathroom. Lovingly created with attention to the smallest detail, its minimalist forms and sharp angles are contrasted by soft colours and the warmth of wood, creating a peaceful ambiance meant for hours of relaxation.

Piu Due

Square, circular, oval and shell-shaped triangular bowls complement the straight lines of the bathroom furniture.

1

*Piu Due triangular bowl

Contemporary life is exciting.

It's an exhilarating, occasionally exhausting journey from home-to-work-to-play and back again to start the process all over. Recharging ourselves is essential. Where better but the bathroom to begin, and end, such days?

Even within a limited space, bathroom culture of the present prepares us for this hasty urban climate. These efficient and thoroughly thought-out environments are perfect for speeding through, or alternately, slowing down, the day.

Modern

Nuovella

Sharp outlines and cubic forms characterize this collection. The pronounced forms of Nuovella's washbasins strike a pleasing note when combined with the deluxe colour and material range of the bathroom furniture. Nuovella is always a novel way to outfit the bathroom.

Nuovella

Nuovella basins carry over the same angular theme. Glass countertop and wood or lacquered furniture units with colour options are adaptable to bathrooms of all sizes. The metal towel bar mounted under the basins underline the integrated design concept of Nuovella.

1

*Nuovella washbasin, washbasin unit, mirror and shelf unit

Modern

Surprise

This eye-catching matte white lacquered bathroom furniture creates clean, aesthetically pleasing lines in the bathroom while numerous concealed compartments and features keep everything in order.

Surprise

Offering the choice of two different washbasin sizes as well as the option of a single or a double storage unit, Surprise is highly adaptable bathroom furniture. In addition to combining the washbasin, storage unit and mirror, endless other configurations are possible. The choice of wall-mounted or basin-mounted faucets is also yours.

Special features, such as a hidden full-length mirror inside the full-length vertical storage cabinet, mean that there's a lot more than meets the eye with Surprise.

- 1
Surprise duotone washbasin, washbasin unit,
mixer panel and Juno basin mixer
- 2
Surprise full-length storage unit
- 3
Surprise double washbasin

Nuova

Perhaps the most straightforward approach to a contemporary bathroom concept, Nuova improves function in smaller spaces with simple answers and practical add-ons. Its range of sizes for washbasins and furniture make it exceptionally adaptable to all spaces.

Modern

Nuova

Nuova offers multiple-sized washbasins and bathroom furniture easily adaptable to all bathrooms, as well as an ergonomic wall-hung WC pan and a bidet option. Bathroom furniture, in natural walnut veneer or lacquered finishes, is available in wall-hung versions for optimal space use and increased hygiene.

Form 500+

Keeping your bathroom together in one tidy package, is what the Form 500+ series does best. Available in a range of sizes it is particularly suited to high traffic family bathrooms.

Form 500+

The integrated mirror and washbasin unit create unity of form while offering extra storage to keep the bathrooms from becoming an unsightly mess. The functionality of a magnetized mirror also means that notes can be left for those late-to-bed or early-to-rise members of the family.

Available in teak or white lacquered MDF, Form 500+ keeps busy bathrooms uncluttered with a series of special storage solutions, including a washing machine storage unit, a range of cabinets for different washbasins, as well as mirrors with double-ended storage units.

Additionally, modules can be combined to create short or tall cabinets, according to preference and the space constraints of your bathroom. All in all, Form 500+ adds a lot to your bathroom.

Some styles are timeless. So while Vitra constantly looks to the future to update function and comfort, it also looks to the past to reinterpret classic styles which continue to inspire designers and artists.

This is bathroom culture for those with a taste for the elegance and refinement of the past but who enjoy the function and comfort of the present.
