VitrA Solid is hygienic:

- Non-porous surface is impervious to stains and bacteria.
- Stain-resistant and easy to clean.

VitrA Solid at a glance

Hygienic

Non-porous surface is impervious to water and bacteria.

Machinable

Material is machinable with woodworking tools for easy repairs and modifications.

Stain-resistant

High-tech non-porous material is resistant to staining and easily retouched with household cleaning agents.

Homogenous

Material is cast throughout with pattern, allowing for uniform cross-sections.

Chemical-resistant

Not harmed by household cleaning agents; avoid acidic contamination.

Firm

Crumble-free and sturdy thanks to its dense, homogenous substance.

Non-flammable

Resistant to flames.

Durable

High quality surface with superior structural, thermal and physical properties ensures long years of comfortable use.
